I Am a Magical Teenage Princess

By Luke Geddes

Published by Chômu Press 18th July, 2012, £11.00, Paperback Original

Stylish and accessible, *I Am a Magical Teenage Princess* weds a rich literary sensibility to the bright immediacy of its pop culture subject matter. In 'Surfer Girl', the title character drifts through time, tormented by the bizarre clichés of drive-in B-movies. 'Habit Patterns' shows us the beleaguered subject of an educational hygiene film who longs to break free from the cruel social strictures of her celluloid world. 'Bongo the Space Ape' examines youth culture through the eyes of a retired chimpanzee actor, while 'He's a Rebel' follows two teenage sisters as they go on the hunt for endangered, James Dean-like 'rebels'.

In these and other stories, Luke Geddes experiments with poise and verve whilst retaining an unfakeable human touch often absent in works more self-consciously centred on human interest. A book for the magical teenage princess in all of us, this debut short story collection welcomes a unique and surprisingly wise voice to the world of letters.

What People Say:

"In this vibrant recycling project, Luke Geddes transforms discarded cultural archetypes into particular and poignant drama, deeply imagined and deeply felt. Never content with mere Situation—no matter how funny or glorious in its invention—Geddes pushes always to Story, where ache surpasses wink. This is a substantial and entertaining debut."

Chris Bachelder, author of Bear v. Shark

"You say whimsy and depth are incompatible? Nonsense. This is deep whimsy, is a book that employs rollicking sharp humor to explore the sad, solitary adolescent in all of us. Luke Geddes is a big talent, and this is a marvelous debut."

Michael Griffith, author of Spikes

"With a collector's eye, Geddes finds the intricate bewilderments that glow in the periphery of our daily world with secret magic—the prick of a mouse's rib bone, the orphaned flecks of lipstick on teeth—and moves them into center focus. The lasting images of these stories hang in your mind long after reading; this book is a luminous, tender gallery curated by an amazing new voice in fiction."

Alissa Nutting, author of *Unclean Jobs for Women and Girls*
